POLICY FOR INCLUSION

2018

CONISBROUGH IVANHOE PRIMARY ACADEMY

Inclusion Policy

2018

Conisbrough Ivanhoe Primary Academy values the individuality of all children. We are committed to giving all of our children every opportunity to achieve the highest of standards. We do this by taking account of pupils' varied life experiences and needs. We offer a broad and balanced curriculum and have high expectations for all children. The achievements, attitudes and well-being of all our children matter. This policy helps to ensure that this school promotes the individuality of all our children, irrespective of ethnicity, attainment, age, disability, gender or background.

Aims:

Our school aims to be an inclusive school. We actively seek to remove the barriers to learning and participation that can hinder or exclude individual pupils, or groups of pupils. This means that equality of opportunity must be a reality for our children. We make this a reality through the attention we pay to the different individual and groups of children within our school to ensure minimal risk of underachievement.

The National Curriculum is a key part in planning a curriculum that meets the specific needs of individuals and groups of children. We meet these needs through:

- setting suitable learning challenges;
- responding to children's diverse learning needs;
- overcoming potential barriers to learning and assessment for individuals and groups of pupils;
- providing other curricular opportunities outside the National Curriculum to meet the needs of individuals or groups of children;

We achieve educational inclusion by continually reviewing what we do, through asking ourselves these key questions:

- Do all our children achieve their best?
- Are there differences in the achievement of different groups of children?
- What are we doing for those children who we know are not achieving their best?
- Are our actions effective?
- Are we successful in promoting racial harmony and preparing pupils to live in a diverse society?

Monitoring Pupil Progress

We aim to give all our children the opportunity to succeed and reach the highest level of personal achievement. We analyse the attainment of different groups of pupils to ensure that all pupils are achieving as much as they can. We also make ongoing assessments of each child's progress. Teachers use this information when planning their lessons. It enables them to take into account the abilities of all their children. For example, for some children, we use the programmes of study from earlier key stages.

The school can, where necessary, modify or disapply the National Curriculum and its assessment arrangements. Our school policy is to do this only in exceptional circumstances. The school makes every effort to meet the learning needs of all its children, without recourse to disapplication or modification. We achieve this through greater differentiation of the child's work, or through the provision of additional learning resources. When necessary, we also support learning through appropriate external specialists. In such cases, teachers work closely with these specialists to support the child.

In exceptional circumstances we may decide that modification or disapplication is the correct procedure to follow. We would only do this after detailed consultation with parents. The school governor with responsibility for special educational needs would also be closely involved in this process. We would ensure that every effort had been made to provide the necessary support from within the school's resources before considering such action.

Should we go ahead with modification or disapplication, we would do so through:

- Section 90 to 93 of the Education Act (2006). This allows modification or disapplication of the National Curriculum, or elements of it, through a statement of special educational needs; or allows the temporary modification or disapplication of the National Curriculum, or elements of it.

Teachers are familiar with the equal opportunities legislation covering race, gender and disability.

Teachers ensure that all children:

- feel secure and know that their contributions are valued;
- appreciate and value the differences they see in others;
- take responsibility for their own actions;
- are taught in groupings that allow them all to experience success;
- use materials that reflect a range of social and cultural backgrounds, without stereotyping;
- have a common curriculum experience that allows for a range of different learning styles;
- have challenging targets that enable them to succeed;
- participate fully, regardless of disabilities or medical needs.

Summary

At Conisbrough Ivanhoe Primary Academy, we will strive to meet the needs of all our children, and seek to ensure that we meet all statutory requirements related to matters of inclusion.
